

## **Cosmology**

This series of lectures/seminars will describe on-going research in cosmology and astrophysics being done at the Institute for Advanced Study. The course will use only elementary physics and mathematics and should be accessible to all those interested.

**Leader:** Mattias Zaldarriaga has been professor of astrophysics in the School of Natural Sciences, Institute of Advanced Study since 2009.

**Fridays:** 2:30 to 4:30 p.m., 4 weeks: May 4 through May 25

**Location:** Institute for Advanced Study
